Lantra Telescopic Handler

Course Aims

To provide thorough theory and practical training in operating the Telescopic Handler, to enable the candidate to pass the theory and practical assessments.

Recommended Duration: (Max 3 candidates per course)

Novice: 2 - 4 Days
Intermediate: 2 Days
Experienced: 1 Day

On completion of the course you will be able to:

- Carry out pre-start checks.
- Prepare the telehandler for site and road travel.
- Travel over varying terrain, both in a loaded and unloaded state.
- Manoeuvre in confined areas using forward and reverse direction, in a loaded and unloaded state.
- Prepare the telehandler to lift various loads.
- Lift and place various loads within the full working range of the telescopic material handler.
- Ensure load integrity and security.
- Place and retrieve loads accurately at various places.
- Place and retrieve loads from a vehicle bed or trailer.
- Keep within safe working parameters.
- Place the telehandler in the safe park position.

Once you have passed and completed the course you will receive a certificate in training for Telescopic Handler, along with a Lantra card.

Please remember to bring a passport sized photo with you on the day if you are applying for a card for the first time, or if you require an updated photo on your old card.
